Commenter Type: Neighbour

Stance: Customer made comments in support of the Planning Application

Reasons for comment:

Comments: I support the off road parking for No. 9 Chalk Road. Firstly it will help clear the road of parking on both sides, which will then help ease the congestion through that part of Chalk Road. At present it is difficult for buses to get through and emergency vehicles could have the same problem. It will also enable vehicles parking on the opposite side to put all 4 wheels on the road as we were able to before cars started parking several years ago on the same side of the road as No. 9. If charges for off road parking and kerb dropping were much more affordable then I think more households would consider it. Getting cars off the road onto driveways is a good thing as it clears the roads of obstacles and helps keep traffic free flowing.

Kind regards
