Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	My objections * previous planning applications was refused for one property. This application appears to want five properties. * road is busy and narrow, this application will increase traffic. This in turn will create noise and pollution to residents in the area. *this is a retrospective application, persons are already appear to be living on the site. Why didn't the proposer apply for permission before.

Kind regards
