Reasons for comment:	
Comments:	<p>I strongly object as this Green Belt and this proposal would not enhance the area in any way. Greenbelt should be diligently protected from development as a overriding priority..</p> <p>That particular area and junctions leading on to the A227 are already over-congested, the whole area can not support any more traffic.</p> <p>It is a beautiful part of our area and close to Park land, it is an important biodiversity area, The National Planning Policy Framework states that "planning decisions should minimise impacts on and provide net gain for biodiversity"</p> <p>All of the local infrastructure is already overburdened and can not take any more households, especially of this quantity.</p> <p>All of the local infrastructure is already overburdened and can not take any more households, especially of this quantity.</p>
