Reasons for comment:

Comments:	I would like to object to this proposal. There are no details as to what a "young person's care home" would be. How many people would be expected to use it, what are the needs of the people? Is this the best and most suitable place for a care home considering that it is purely residential. There really are no details with which to make an informed decision. It seems that the owner of this property, Mr Sukhdeep Randhawa, is constantly trying to monetise the plot and as he is not resident here it seems to be inconsiderate to the people who do live here. There have been quite a few planning applications submitted by [REDACTED] and they have all been totally inappropriate. I consider that this application is just another attempt to try and make money out of private dwelling rather than allowing it to be used for the purpose it was built. There are plenty of people who would be willing to live in it as a normal residential dwelling.
