Reasons for comment:

Comments:	<p>The road near this site is so narrow it could not possibly handle any more traffic. I use it most days and some days it is stuck with traffic especially if a2 has a problem. When lower Thames crossing opens it will be worse.</p> <p>The land is agricultural and should carry on being used as such. It is wrong to do away with agricultural land, used for growing our food, to then be used for houses.</p> <p>The access would also make it very dangerous because of the small lanes. And also the wildlife . These fields must be full of wildlife of different sorts. I really don't know how the roads and infrastructure can cope in meopham with all these additional houses. Our gp surgery is so very busy. The schools are very full. Parking is very difficult. Drainage and roads flooding is an ongoing problem. And our little villages should not be turned into one big joined up sprawl.</p> <p>Thankyou for reading this.</p>
