Dear Kelly Joyce,

Thank you for your enquiry indicating your proposed works. Although SGN has a high pressure gas pipeline in the vicinity, the safety and integrity of our high pressure assets will not be affected by the proposal based on the information submitted.

I would like to draw your attention to the original letter you would have received from our Scotland based plant location team with particular reference to the paragraphs detailing the potential of low / medium / intermediate pressure mains as well as other gas transporter assets being in the vicinity of your works.

For your records I enclose a copy of a plan showing the route of the High Pressure pipeline and a copy of SGN's safe working in the vicinity of pipelines and associated installations (SGN/WI/SW2). Should your proposal change please contact us immediately and we will review accordingly.

Please let me know if SGN can supply you with technical or other information that may be of assistance to you in carrying out your works.

Yours Sincerely,

Stuart Cotton.
Team Manager
