Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	I object this planning application because while I agree we need to build housing I don't think farmland is the best place for that, and should only be used as a last resort. There are plenty of places in brown belt sites in Gravesham centre that are abandoned or not built on which could instead be used. This is because Meopham is a rural area and doesn't have the infrastructure for this amount of homes. And more importantly we're in the midst of a climate crisis and the UK is one of the most nature depleted counties in the world. Building on nature rich farmland will only make this worse. There is also the important issue of food security. With both the issues with Ukraine that provides a lot of our wheat and the issues with climate breakdown and failing crops we need this farmland for our own security. It will only become more and more important as both these things get worse. We should be building homes but not on farmland.
