Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I would like to strongly object to this proposed planning as there are many factors due to environmental with the extra pollution and the animals in the surrounding areas that are under threat and mainly the roads in this area are not suitable for any more traffic we have had so many many accidents deaths and even your own counsellor has said that the roads leading to planning site should be a B road not a A road We have three schools and one school that is for children with special needs in an area of about 2 1/2 miles so the extra traffic with all the schools that start and finish all at the same time and the pollution and the roads become more dangerous is very dangerous situation to add more cars

Kind regards
