## Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	<p>It will negatively impact the area by increasing congestion, traffic and pollution. The Wrotham road is already grid locked this will only worsen matters. The limited public transport that we have which is already full won't be able to cope. Our roads are traditionally country roads when the A2 or surrounding motorways are closed our small village is massively affected - roads are at a standstill. Increased housing will only worsen the situation.</p> <p>We are unable to get GP appointments / more congestion will affect our surgeries and hospitals . We do not have the capacity to take on more people on a stress heavily congested area. The green/grey belt is this for a reason - to protect our borders, wildlife and to keep our towns and villages small - to stop urban sprawl . Destroying it would go against the very reason it was created.</p>

Kind regards
