Reasons for comment:	
Comments:	<p>This development will add significant numbers of cars into narrow country lanes with dangerous access. Large delivery and service vehicles already causing queues and conjunction.</p> <p>This development will put strain/disturb on neighbouring schools one of which is a SEN School catering for special needs kids.</p> <p>This will add to already overstretched utility infrastructure like water pressure which is already low in the area.</p> <p>This will also put strain on public transport in the area, limited bus service and trains overcrowded during peak time.</p>

Kind regards
