Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	<p>I object to this planning application due to the increased traffic it will cause in the area.</p> <p>The Land is Green Belt in current Local Plan and as such all those protections still stand - In addition it is productive agricultural grade 2 land which is vital for our future. In a world where there is so much, uncertainty we should be making plans to increase our sustainability.</p> <p>The planning has a very dangerous access off Wrotham road which is already a highly utilised artery road between the A2 and M20.</p> <p>There will be damage to the visual aspect next to a Conservation Area.</p> <p>There will be a cumulative impact of several applications on traffic and infrastructure.</p> <p>There is not enough width to the road to allow cycling lanes and crossing of the roads is not safe due to the bends and curves in the road layout.</p>

Kind regards
