Reasons for comment:

Comments:	<ul style="list-style-type: none">- This development would put another 200-250 cars onto an already very busy A227 & Longfield road, which cannot support that level of extra traffic- Field is valuable farm land, which needs to be retained- Road is very narrow and already over-parked- Would be much more dangerous & congested for children going from & to the neighbouring school- Local school is special needs and children are very sensitive to noise and commotion, this could cause extreme distress to many- Access point is very dangerous- Development is oversized for lack of infrastructure- No spaces for new patients at Meopham Surgery, confirmed with the GP practice themselves- Not enough local shops and parking for local shops to support this many new residents
-----------	---

Kind regards
