Reasons for comment:

Comments:	<p>This is another ill thought out possible development.</p> <p>It is a recipe for disaster. The planned exit road is opposite the exit from car parking for shops which has already seen accidents. The local infrastructure is just not there to cope with all these planned extra houses. Hospitals can't cope now, schools are stretched and Drs surgery has already expressed concern. Add to the above all extra traffic associated with the lower Thames crossing and the fact that every time there is a problem on M2 or M20 traffic cuts through the village. Already Norwood lane junction gets flooded when we have heavy rain. Again this will only get worse if these buildings are allowed. The council and government need to have a long look at the local facilities before even considering any more building in Meopham.</p>
