Comments Details

| | |
|-----------------|--|
| Commenter Type: | Member of the Public |
| Stance: | Customer objects to the Planning Application |

Reasons for comment:

| | |
|-----------|---|
| Comments: | <p>I object to this application on the following grounds;</p> <p>The entrance to this site would be on a 50mph stretch of road that already has had some serious traffic accidents.</p> <p>The increase number of vehicles would cause major congestion to an area that already queues at peak times.</p> <p>The school does not have capacity for the extra children that would need places. Children who already live in the village would have to drive to attend a school further away as the proposed houses are a closer proximity to the school than existing ones and therefore giving the new house priority of school places.</p> <p>The doctors does not have capacity for the extra patients.</p> <p>The wildlife currently living in the field would become homeless.</p> <p>The village would no longer feel like a village as it would lose it's green fields to urban sprawl.</p> <p>The public transport is limited already, there is a very unreliable bus service that comes ever 2 hours.</p> |
|-----------|---|

Kind regards
