| Reasons for comment: | |
| Comments: | This os a tiny rural road that is already difficult to drive on adding more houses snd more cars is irresponsible and dangerous. Limited buses everyone does need a car to live in this area. This is greenbelt land and should not be built on there are other local brownfield sites within in gravesham. Its just greed from developers. It is impossible to get a gp appointment as it is without additional people constantly told to go to a and e for minor issues as no appointments left. Constantly used as cut through by hgv and traffic jams are now already regularly happening will be worse with lower thames crosding. |

Kind regards
