Reasons for comment:

Comments:	I completely object to this proposal it is a busy dangerous road , there has been some bad accidents on this road in the past . It is next to a special needs school and very close to an infant school . All there's extra houses would create so much extra traffic which Meopham can't cope with . It will make things even more dangerous on the roads than it is now . Schools can't cope with more children plus the doctors can't take anymore people . Meopham is not a big village and will be spoilt and will not be able to cope . This is also agricultural land which should not be used, we will never get this land back again , we need it to remain as it is . The Helen Allison school is a special needs school and all these extra houses will be too much stress for the school to cope with , plus make the road even more dangerous . Same for the infant school it will be far too busy and dangerous . Something bad will happen in these roads with all these extra houses creating too much traffic on the roads . Huge worry for a village like Meopham .
