Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I have difficulty in understanding the logic in changing food productive "green belt" land to a housing estate. Lost food will have to be IMPORTED and it will practically double the immediate areas road congestion and causing additional danger to the children of infant/primary school AND the special needs children of the Helen Allison school. ALL these children already need adult guidance to navigate the chaotic road junction that already exists and is adjacent to the proposed junction. This is what you see, what is not so obvious is what this development will do to already overstretched amenities like doctors, dentists, schools, rubbish collections, etc.

Kind regards
