Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	<p>The area selected for this proposed development is totally unsuitable, not only is it adjacent to an SEN school which already has the daily challenges of providing a quite, calm environment for the attending children, but also the access to and from the site is potentially dangerous as it is via a narrow country lane which is already congested and difficult to navigate at peak times.</p> <p>I believe the construction phase will put additional pressures on the school, negatively impacting the day to day running and also access to the premises. If the development is completed, the additional traffic will also have a negative impact on the surrounding area.</p>

Kind regards
