Reasons for comment:	
Comments:	This is a ridiculous idea for the local area. The local residents already struggle with getting a doctors appointment and don't even get me started on the local dentist. We have to go to Gravesend to see a dentist and we pay private. The local schools will not be able to accommodated the extra children (I teach at a local school). The impact on our local wildlife will also be terrible with the huge increase in cars. We have many badger setts locally here which will be impacted as will the local bird life etc etc. I'm not sure how Darenth Hospital will also be expected to cope with the influx of people when Gravesend is already building so many new flats and homes. Our local roads have no proper waste therefore as soon as it rains they are covered with water especially at that corner and outside the school. More cars will cause more problems and perhaps more accidents. Finally our green spaces are being eradicated under the guise of building homes for people!! Perhaps we need less people. It's an absolute disgrace.

Kind regards
