Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	There has been a significant amount of felling of trees in the area, nearly all without permission to make plots for travellers without planning. Retrospective planning requests makes a joke of the system and means the damage has already been done. This application needs to be declined but not only this, the land needs to be reinstated correctly as it was and this has to be supervised that it is done. Not only has the works completely destroyed the local plants and trees but it has also not taken into consideration the run off water, increased traffic flow and lack of school places and GP services.

Kind regards
