Comments Details

Commenter Type: Neighbour

Stance: Customer objects to the Planning Application

Reasons for comment:

Comments: Previous applications for food take aways in this area have been refused over a number of years by this council due to lack of parking & a dangerous traffic junction & lots of school children passing & smell & parking on double yellow lines a regular occurrence & overall negative effect on residents. I was amazed the application for a chicken take away was ever granted even with imposed restricted opening hours so this request to expand the hours goes against your own ruling. I live [REDACTED] away and regularly smell the cooking and fat in the air which is disgusting. The proportion of nearby residential properties has increased over last couple of years so the overall negative impact is affecting more people. I object strongly to allowing this application to go ahead as it will increase the danger to pedestrians, will increase the likelihood of traffic incidents and extend the already negative affect on those living nearby. I ask you to reject it in its entirety. Thank you.

Kind regards
