

Application for tree works: works to trees subject to a tree preservation order (TPO) and/or notification of proposed works to trees in a conservation area.

Town and Country Planning Act 1990

Publication of applications on planning authority websites.

Please note that the information provided on this application form and in supporting documents may be published on the Authority's website. If you require any further clarification, please contact the Authority's planning department.

1. Trees Location

Number	
Suffix	
Property name	Downsview
Address line 1	Meopham Green
Address line 2	Meopham
Address line 3	
Town/city	Gravesend
Postcode	DA13 0QU

If the location is unclear or there is not a full postal address, describe as clearly as possible where it is (for example, 'Land to rear of 12 to 18 High Street' or 'Woodland adjoining Elm Road')

Easting (x)	564113
Northing (y)	164994

Description

2. Applicant Details

Title	
First name	Chris
Surname	Miller-Hanna
Company name	
Address line 1	Downsview
Address line 2	Meopham Green
Address line 3	Meopham

2. Applicant Details

Town/city	Gravesend
Country	
Postcode	DA13 0QU

Are you an agent acting on behalf of the applicant?

☐ Yes ☒ No

Primary number	
Secondary number	
Fax number	
Email address	

3. Agent Details

No Agent details were submitted for this application

4. What Are You Applying For?

Based on the type of work proposed and the location and protected status of the trees involved, there are various details and supporting information that will need to be supplied in order for the Local Planning Authority to determine the application.

Are you seeking consent for works to tree(s) subject to a Tree Preservation Order?

☐ Yes ☒ No

Are you wishing to carry out works to tree(s) in a conservation area?

☒ Yes ☐ No

Documents and plans (for any tree)

A sketch plan clearly showing the position of trees listed in the question 'Identification of Tree(s) and Description of Works' MUST be provided when applying for works to trees covered by a Tree Preservation Order. A sketch plan is also advised when notifying the LPA of works to trees in a conservation area (see guidance notes).

It would also be helpful if you provided details of any advice given on site by an LPA officer.

Are you providing additional information in support of your application (e.g. an additional schedule of work for question 'Identification of Tree(s) and Description of Works')?

☐ Yes ☒ No

5. Identification of Tree(s) and Description of Works

Please identify the tree(s) and provide a full and clear specification of the works you want to carry out.

You might find it useful to contact an arborist (tree surgeon) for help with defining appropriate work.

Where trees are protected by a Tree Preservation Order, please number them as shown in the First Schedule to the Tree Preservation Order where this is available. You should use the same numbering on your sketch plan (see help for sketch plan requirements).

Please provide the following information:

- Tree species
- The number used on the sketch plan); and
- A description of the proposed works.

Where trees are protected by a Tree Preservation Order you must also provide:

- Reasons for the work; and where trees are being felled
- Proposals for planting replacement trees (including quantity, species, position and size) or reasons for not wanting to replant.

e.g. Oak (T3) - fell because of excessive shading and low amenity value. Replant with one standard ash in same position.

We wish to remove a holly tree from the front garden of our property. We are seeking permission as we understand that, while not protected by a TPO, the tree is in a conservation area. The reasons are as follows:

- It is in poor health - the tree has a large number of loose and low hanging branches which need maintenance for safety reasons and it shed leaves extensively this spring, causing us to be concerned about its health. We had a smaller holly tree in our back garden which unfortunately died this spring after shedding in the same way. Our tree surgeon said he felt it had been under stress from the unusual weather conditions of the last few summers;

- It is impacting the growth and health of an adjacent hedge which separates our front garden from our neighbour's driveway;

- It is overshadowing a large portion of our front garden preventing growth of grass and plants;

- It has grown too large for its location and impacts daylight on the front of our neighbour's house.

In the first instance, we plan to reinstate the sections of hedge that have died in the shadow of the tree once the work is complete. We are also planning to plant a number of new native trees in our extensive back garden as part of longer-term plans for our garden.

6. Tree Ownership

Is the applicant the owner of the tree(s)?

☒ Yes ☐ No

7. Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

☐ Yes ☒ No

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

8. Trees - Declaration

I/we hereby apply for planning permission/consent as described in this form and the accompanying plans/drawings and additional information. I/we confirm that, to the best of my/our knowledge, any facts stated are true and accurate and any opinions given are the genuine opinions of the person(s) giving them. ☒

Date (cannot be pre-application)

01/10/2021
