Reasons for comment:

Comments:	I am a local resident living directly opposite this proposal I strongly object based on the following. - There are already Macdonalds restaurants in the local area. Do we really need 1 more ? 8min walk anyone can reach the one in town, there is ample parking in Lord Street. - Traffic on Wrotham Road is already at breaking point it's the main route in & out of town from A2 plans haven't even considered this. - It's a main route for the local fire & ambulance services from their stations on Coldharbour road. - Should we really have a fast food restaurant next to the main children's park in our area. We are only encouraging unhealthy eating have so many fast food restaurants locally. - There is a large secondary and primary school the other side of the park. The is the main walking route to school for 100's of children. - There will undoubtedly be an issue with litter to the surrounding area including our park. - Noise and light pollution to the local housing mine included will be an issue - Plans have purposely omitted the normal McDonald's signage. - The Woodlands is a local treasure it needs to be somewhere where family's can meet and sit down for a meal - the building would be best served as another
-----------	--

restaurant or a hub where the community can enjoy.

I trust Gravesham council will allow the local residents and community to voice their concerns in person at some point.

Kind regards
