Reasons for comment:	
Comments:	The main road is already congested especially when either the A2 or M20 is problematic people then use the A227 as a cut through. We often have power cuts making working from home difficult. The local roads are really congested at school time especially where this new housing development is hoping to be located. The trains into London are so packed it's rare you get a seat. There are houses that have been up for sale in the area at reasonable prices for a while There is just not the facilities for a development of this size.

Kind regards
