Reasons for comment:	
Comments:	Good day. This is to lodge my support for Application No.20240149 for the above applicant LV21. The basis for this support is that LV21 has added another layer of interest to the riverfront, both by its unique silhouette and design and for the events it has hosted since 2017. The applicants, Paivi Seppala and Gary Weston are professional and positive in their involvement with the public, who have benefitted from their trained aesthetic eye, genuine love and commitment to naval matters but also their warmth to everyone who enters LV21. I have watched the transformation of visitors faces from curiosity to awe, interest and respect. This application is not about a 'factory on the river front!' but about developing further LV21's unique involvement with Gravesend. Best wishes.

Kind regards
