Address:	[REDACTED] Dartford

## Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	<ul style="list-style-type: none"><li>- Traffic &amp; Pollution: 200+ extra cars on local roads (school runs, commuting, amenities) without improvements to public transport. Added pollution, worsened by the Lower Thames Tideway project.</li><li>- Schools: Already limited school places; new development would push parents to travel further, increasing peak-time congestion.</li><li>- Healthcare: Meopham Medical Centre already has a 2-4 week wait for appointments. No guarantee of extra GPs to handle increased demand.</li><li>- Flood Risk: Building works could worsen existing surface water flooding and drainage issues over at least two years.</li><li>- Wildlife &amp; Environment: Harm to local wildlife from building, noise, and light pollution.</li><li>- Type of Land: Site is not "grey belt" or brownfield (e.g., old petrol station, disused car park, scrubland). Gravesham has 43 registered brownfield sites that should be prioritised instead.</li></ul>
