8<sup>th</sup> January 2024

Dear Sir/Madam

Re Land at Battle Street, Cobham, Gravesend  
Fell poor quality self-seeded young Sycamore tree. Approximate trunk diameter 12mm. The canopy is growing directly into the power lines above. The tree is growing at an angle and is not a quality specimen. Due to its Position, it cannot grow into a mature tree. Planning Ref. GR/2023/1323

-----  
The Society would wish to comment that if the tree is removed, consideration should be given to planting a replacement clear of the power lines.

Yours faithfully

Mrs P A Lippiatt  
Hon.Secretary
