Reasons for comment:	
Comments:	The new use will allow the building to continue functioning as a community hub, providing spiritual, educational, and social services to local residents. This is wholly consistent with the intent of both national and local policies promoting inclusive and active communities. Gravesham Local Plan Core Strategy (2014) Policy CS10 - Physical and Social Infrastructure supports the development and retention of infrastructure such as faith and community facilities, which this proposal clearly provides. Policy CS01 - Sustainable Development supports re-use of existing buildings and sites, especially where this supports social inclusion and community cohesion. The proposal meets both of these objectives, bringing new life to a building that would otherwise risk long-term vacancy or deterioration. I strongly urge Gravesham Council to approve this planning application.

Kind regards
