Reasons for comment:

Comments: A proposal of this size is totally ridiculous for a beautiful village, with no thought for the infrastructure! It is impossible to park at the local shops now, without another possible 1500 cars! (Most homes have 2 cars nowadays). What will become of all the wildlife? We have badgers, foxes, bats and owls at the moment, how will this affect them?
There has been a derelict hospital in Gravesend for years, why not build a block of flats there to reduce the number proposed in Meopham? Good access to trains and buses, shops etc.
The doctors surgery will be unable to cope with these new patients, the roads are full of potholes now, what will they be like with 1500 extra cars?!

Apart from the beauty and nature side of things, how would any village cope with this huge development? This, of course, includes Sole Street which will be affected by the increased traffic. Aren't the roads around here too narrow to cope with increased traffic?

Kind regards
