Reasons for comment:	
Comments:	Lack of infrastructure, more especially hospital/gp surgery spaces Flooding risk Loss of arable land at a time when we should be concentrating on food security. Roads are already overstretched and additional traffic trying to enter Wrotham Road is inevitably going to lead to more accidents, possibly fatalities. Local roads around Sole Street/Cobham/Jeskynsa/Henhurst are not suitable for heavy traffic volumes. Risk of developers reneging on section 106 agreements, they usually find a way of circumnavigating their commitments and are not held to account by the local Council. Lack of school places, building primary/infant schools is no good if not supported by secondary education facilities. Lack of public transport, eg, buses!!

Kind regards
