Reasons for comment:	
Comments:	We need to preserve farm land as the country is facing huge challenges now and into the future with food supplies. On a local level this development will bring years of disruption to the residents of Istead Rise. Also there is the impact on local resources such as school places and the existing difficulty of getting an appointment with the local GP. Building a hundred new homes will also increase the amount of traffic on local roads as we have an inadequate bus service.

Kind regards
