Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	This development should not go ahead. Building on our green spaces not only has a detrimental effect on our health and wildlife but this area is not set up for more housing. We have already seen hundreds of new developments in the area around the A2, some of which are ongoing and our local hospitals, gp surgeries and schools are already under immense strain. Building should be restricted to brown field sites and derelict buildings should be developed in the first instance to protect value agriculture.

Kind regards
