Reasons for comment:

Comments: The proposed changes to the site are inappropriate to the surrounding environment which is a build up residential area with a busy narrow road with heavy traffic. At this moment in time the road has difficulty coping with the traffic volume and the plan to change the site to a fast food outlet would add considerably to the poor traffic and the safety and well being of the community. The surrounding area has a large number of fast food outlets which has caused considerable annoyance to local residents (litter being thrown on streets etc.) . This proposal will further add to existing problems.

Kind regards
