Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I strongly object to this and any development of green spaces in Istead Rise. We have no proper infrastructure for any increase in houses in this area, water shortages, doctors and dentist places and no increase in school places either. New houses are not sustainable without these increases first. Developers do not care about what happens in these areas after they have built and banked their huge financial rewards, while we suffer from overcrowded services that cannot cope with demand. While the council sit there and say we need more houses, make the developers build proper infrastructure first before you let these big companies build any houses. And DO NOT allow any HMO'S or illegal immigrants anywhere near new developments, wherever they are.

Kind regards
