Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	I & the neighbours object on the launderette to be planned. As there is no need of this in this community as it would create more traffic & being this road is used as a emergency route for the fire brigade/ambulance as we have trouble with customers parking opposite the shops as it is as it makes it narrow for the fire brigade when on call even though there is double yellow lines which I have put a report to put a sign to stop the cars parking there because the main reason is that the businesses of fish/chips & kebab do not do delivery. But a chemist/pharmacy would be a appropriate Business as it would help the elderly who live in the road/community as the neighbouring pharmacy are abit too far especially if someone does not drive & I have a austic son which is on medication & it would help as I have medical problems myself & do not drive & I find a struggle myself walking down to single well pharmacy. Plus many years ago there was a chemist along with the other shops. So it would be much appreciated if this can be pharmacy as would help
