Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	This proposed application will have the following effect on the area; 1. More traffic congestion in & out of Istead rise. along the A227 and new barn road - Increased pressure on local hospitals & GP surgery who are already at maximum capacity 3. lack of public transport - no train station and an incredibly limited bus service. 4. No safe walking and cycling routes to Gravesend & Meopham, all car dependant. 5. Lack of infrastructure for a larger population, basic shopping facilities and limited car parking. 6. Essential farmland being lost which is vital for food security. 7. Loss of precious greenbelt and natural habitat with permanent catastrophic consequences. 8. Reduction of available space at local schools & colleges. 9. Uncertainty of water supplies. 10. Plan is inappropriate in size and does not benefit or reflect the need of the local people.

Kind regards
