Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I wish to strongly object to above mentioned planning application for the reasons stated below:

1. Being overlooked and lack of privacy and increase in noise pollution.
2. The great increase in traffic in the Drove Way and it would all pass my door and also the environmental impact of this. The local public transport system is inadequate as it is and because of this we are dependant on our cars in this area.
3. Over the years we have had issues with the sewers getting blocked on several occasions and I have concerns about the drainage system coping with 100 more dwellings and the impact this will have.
4. I am concerned it will have a detrimental effect on local nature and wildlife.
5. This will increase pressure on the local GP surgery and the local shops and very limited parking at the shops. We have a lot of elderly people living in the area and they depend on the local shops and GP surgery also worried about their safety with the increase in traffic. Even our local hospital struggles to cope with capacity issues daily .
6. Loss of farmland which is vital for food supply.
7. The draft local plan for Gravesham puts forward four different sites around Istead Rise for housing this site is not currently in the plan. ???

Kind regards
