Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I strongly object to these houses being built on this green belt land which is still being farmed the infrastructure for these houses simply isn't there there is no Gp practice in the village and no bus services to get to the surgeries that we have to use , the school is oversubscribed and where the entrance to the building plot will go onto the brow of the hill is very dangerous also my main objection is to the sewage pump which will be just down from my house when that goes wrong it will make our gardens unusable and not allow us to open any windows i have lived in this house all my life and to have the sides of houses literally at the bottom of our gardens instead of the farm land will affect my mental health terribly

Kind regards
