Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	The planned 725 dwellings would potentially generate more than 3000 additional residents - completely unsustainable in terms of infrastructure, services and amenities, all of which are already seriously overstrained. 2. Traffic in the vicinity of the village hub and railway station would be substantially increased and make the frequent congestion and gridlocks unmanageable on the restricted through fare and local lanes. 3. The development would effectively join the two villages of Meopham and Sole Street, creating urban sprawl and destroying its rural character.

Kind regards
