Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I regularly drive to Meopham to visit family and the roads around this proposed development are not suitable for the extreme increase in traffic it would bring. They could not be improved and made sufficient without significant additional detriment and negative impact to the surrounding area. The loss of the fields would have an immense negative impact on the environment and the countryside which once lost could never be recovered. It also appears from the proposal that the development would 'fill in' the last remaining field between Meopham and Sole Street, which would be merged with no obvious gap between the two. For these reasons I object to this outline planning application.

Kind regards
