| Comments: | <p>I have lived in Meopham [REDACTED] and have noticed the impact of increased population on the A227 .</p> <p>The road can not cope with further influx of residents - this development will result in at least 240 more vehicles as most people have two cars at least per household .</p> <p>The road is already dangerous as users have to navigate three schools .</p> <p>When there are issues on the A2 , M2 or M20 vehicles divert through the village and cause chaos .</p> <p>The environmental impact of this development along with the others planned in the village are immense ; increased air pollution from traffic , destruction of natural habitat for wildlife , use of the scarce water resources and extra rubbish needing to be disposed of .</p> <p>Our local hospital , doctors and schools are already full to capacity .</p> <p>We do not have the infrastructure to support extra to support the increase in population .</p> <p>I am opposed to this development also because it is located next to a special school where the children thrive in an environment of peace and calm . The building process itself plus the resulting properties will destroy this .</p> <p>The school was there first and its purpose should be respected !</p> |

Kind regards
