Reasons for comment:

Comments:	<p>This would significantly increase the volume of traffic in Meopham and access and exit from the estate would be extremely dangerous during peak hours as already shown at Meopham shops.</p> <p>The visual impact would significantly change the environment from being a village into a town.</p> <p>Meopham does not have the infrastructure to accommodate such an increase in population - overstretched GP and NHS services, school places, very little bus service, crowded trains & platforms during peak hours.</p> <p>This is currently active farmland used for food production, and is full of birds and wildlife.</p> <p>The A227 is already used as a cut-through between motorways and is completely jammed at peak/school times and is not designed to accommodate the amount of Lorrie's and delivery vehicles that use it. This would only get worse with additional housing.</p> <p>This would be a massive increase in the population of a village that already has inadequate transport links.</p>
