### Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	<p>I object to the huge development which will be detrimental to the village and local environment .</p> <p>The A227 simply can not cope with the extra traffic which will result from this huge development. At least 700 extra vehicles will have to be accommodated .</p> <p>The road can not cope with the current traffic flow . This is made worse by three schools being situated in close proximity . When there are issues on the A20, M20 and M2 all the traffic is diverted through the village causing gridlock .</p> <p>The infrastructure of the village can not cope with this huge development . The Dr surgery is at full capacity, the local hospital struggles, our three schools are all full .</p> <p>The water supply is stretched already and we still have an hose pipe ban in place - how will an huge influx in population be possible ?</p> <p>The building works will have a huge impact upon the local flora, fauna , bat population and birds of prey .</p> <p>Why oh why build in prime agricultural land ? How are we going to feed people !</p> <p>I object to this proposal</p>
