Reasons for comment:

Comments:	<p>Meopham doesn't have the necessary infrastructure for a large increase in housing eg poor transportation, a stretched GP service, no cycle lanes, lack of footpaths.</p> <p>The A227 is already extremely busy and dangerous at all access junctions due to being used as a cut-through between motorways and the large volume of large vehicles.</p> <p>The development is on land used for food production and excellent for birds and wildlife.</p> <p>The development is on a tiny rural lane with poor access and exit points at either end on to busy roads.</p> <p>The potential increase in residents will change Meopham into an overcrowded village that it cannot accommodate.</p>
