Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	I wish to object to the proposed change of use. The Turnstones has been residential only since it was built, as are the other three streets in the Rivermount development. My understanding is that the police are asking for a 2metre fence around the property, which is entirely out of keeping with the area. The bungalow is sited next to open land where children play and a fence would change the character of the area. It may seem offputting and children would not play there. This would be detrimental to local users of the land. School children walk to and from school using the path sited on the open land. Again, walking past such a fence could cause concern to both children and their parents. Parking for staff is also going to be a problem. As there will be a need for overnight staff there could be noise disturbance to neighbours during the night. Overall, I do not support the application.
