## Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	<p>I would like to object to this planning application for the following reasons.</p> <p>120 houses will potentially add 240 more vehicles to what is already a highly congested area at certain times of the day. The Longfield Road and surrounding roads are invariably grid locked at school times and rush hour.</p> <p>The Longfield Road where it comes into Meopham, is very narrow and there are always parked cars which causes congestion at the best of times so this will only increase.</p> <p>The A227 and the Longfield Road are used by heavy goods vehicles and when as there regularly is an incident on either the A2 or the M20 these roads are used as a cut through to get to the M25 and further afield adding to the traffic disruption.</p> <p>This development would increase the population of Meopham which would put an additional strain on what is already an overstretched GP surgery and the wider NHS service.</p> <p>The Helen Allison school next to the proposed development is a SEN school. This will no doubt cause stress and distress to the pupils attending the school.</p> <p>The site is agricultural land which has been farmed..... Well for ever as far as I</p>
-----------	--

am aware, so this is something that is not going to be replaced once its gone its gone for good.

---

Kind regards
