Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	The additional traffic using Green Lane and A227. This can be bad at present at certain times of the day but will be made worse with a potential increase of 700 vehicles, school runs etc. If there is a problem on the A2 (which is often) the traffic diverts through Sole Street and/or A227 causing congestion. It is a rural area and is totally inadequate for the increased population. With the loss of farmland, wildlife and the increase of 350 houses there will be a danger to the environment. There is congestion by the shops already which will be much worse if this plan goes ahead. There is no pedestrian crossing to the shops or school but if one is put in then the congestion will increase massively

Kind regards
