## Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	with 150 houses bringing potential 300 cars plus delivery and service vehicles to add to the already very busy and at peak times, over congested narrow roads. The Developer is intending to utilise dangerous access for these vehicles onto what is essentially a tiny rural lane. This involves high grade and very productive farmland which is important for food production and security of supply and minimise increasing and insecure food imports. This development contributes to the overall impact of three very local proposed development sites including Blackthorn farm (100 homes) which should be taken into consideration for the area impact. This proposal is on Greenbelt land which has not been released from the Greenbelt boundary. This is part of a potential increase in the population of Meopham by one third placing an additional strain on already overstretched GP and NHS services,

Kind regards
