Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	150 houses could mean a potential for 300 additional cars using the roads. The area does not have the infrastructure to cope with the application. This is a tiny rural lane and would pose dangerous access for cars and pedestrians. The three applications could increase the population of Meopham by approximately 30% and the strain on the Doctors surgery and school places would not be able to cope. Waiting times for the surgery are already high. All three applications could increase the cars on the A227 by around 1400. This is also Greenbelt land which has not been released from the Greenbelt boundary.

Kind regards
