Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	It is not appropriate to consider any major development between in this area all the while the A226 is closed at Galley Hill. The additional construction traffic generated would have an unacceptable impact on the local area and on the local environment. This application and any development should be suspended until such time as the A226 Galley Hill has been repaired and reopened.

Kind regards
